Northampton Co., April 13, 1852.

Messrs. Tyler & Adair: I have been afflicted with Rheumatism, at times, from my twelfth year; I will be fifty years of age the 18th of this month; the attacks were at times so severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not rest, day or night; I could not move any part of my body without crying with pain; at this time I also tried many remedies, internal and external, without receiving any relief; I was at ing with pain; at this time I also tried many remedies, in-ternal and external, without receiving any relief; I was at last advised to try HAMPTON'S VEGETABLE TINCTURE; before I had taken one bottle of which I felt much better, and as I continued taking it I felt strength coming into my back and limbs, and my stomach strengthened and revived every way; I have taken five bottles, and am much better than I ever expected to be. I intend to use it whenever I need it, and would recommend it to the afflicted, believing it unequalled.

Messrs. Mortimer & Mowbray: Mrs. Elizabeth Bagwell is a lady of the highest respectability, wealthy and influential. The cure in her case speaks volumes in favor of this wonderful Tincture. Several other persons we have heard of have derived great benefit from its use in our county. We are entirely out of the article, and have daily anxious inquiries to know when we will receive another supply. We expect large sales of it from the present demand, and want you to send us a boy as soon as resible. We expect large sales of it from the possible, want you to send us a box as soon as possible.

Yours. TYLER & ADAIR.

REV. VERNON ESKRIDGE, U. S. N. PORTSMOUTH, (Va.,) Aug. 18, 1861.

Mr. J. E. Bouzh—Dear Sir: While I am in general opposed to Patent Medicines, candor compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in Dyspepsis, loss of appetite, digziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

KRAUSER'S PATENT CLOVER-SEED HAR-

KRAUSER'S PATENT CLOVER-SEED HARVESTER

IS BEFORE THE PUBLIC FOR THE FIRST TIME!

I'S utility is beyond comparison with any other farming
I implement now in use. It takes the seed from the field,
leaving the straw or grass all standing. It weights two hundred and fifty pounds, is drawn by one horse, and gathers
from ten to twelve acres per day. The fingers, or teeth,
catch all the heads, the revolving knives cut them off and
throw them back into the box, which will cross a twentyacre field without emptying. The heads are then loaded
into a wagon and taken directly to the mill for cleaning,
thus diminishing the labor three-fourths, and saving all the
reed. This machine comes so low that every farmer will machine comes so low that every farmer have it, and pays the manufacturer 300 per cent.

E. WHEELER, Agent for Washington.

OROSS KETS, WASHINGTON TOWNSHIP, CAMDEN CO., N. J., September 4, 1851.

We, the undersigned, do certify that we have seen Mr. Krauser's Patent Clover Harvester in operation, and it has given perfect satisfaction. It has gathered many of the farmers' clover in this neighborhood—It is all that Mr. Krauser and his bills represent it to be. The farmers have given one-half for gathering and threshing.

THOMAS TUMBLESON,

Long-a-Coning, October 7, 1851.

This is to certify that Mr. G. J. Naylor has gathered clover off of a sixteen-acre field of mine, which has been pastured two months with ten head of cattle, and it produced six bushels and a half and one peck of seed. I gave him two-thirds for gathering and cleaning. I think his machine is first-rate, and answers all the purpose that is intended.

Perhaps no invention offers greater inducements for a profitable investment than the Harvester. For an enterprising young man, of good business habits, a large sum of money could without doubt be realized from the sale of rights in the different States of the Union not yet disposed of. By calling at this office, it can be demonstrated satisfactorily that men of moderate capital could not choose a better or more money-paying business.

For popular reference, we know of no work which can fill
its place. Without any parade of technical terms, it is
strictly scientific; the language is plain and simple; the
points explained are of great importance; devoted to progress, the editor is no slave to theory; he does not shock the
general reader by medical ultraisms; while he forcibly demonstrates the benefits of modern improvements. Of all
the numerous publications which have obtained such a
wide popularity, as issued by Fowlers and Wells, perhaps
none are more adapted to general utility than this rich,
comprehensive, and well-arranged Encyclopedia.—New York

The body of Mr. Clay left Philadelphia at nine o'clock this morning. It was escorted to the cars by a military and civic procession.

It was received at New York by an immense procession, and with the firing of minute-guns rom several parts of the city, and the vessels n the harbor. Business was suspended, and the whole population of New York, Brooklyn, &c., was at the scene of embarkation.

Arrival of the Merlin.

The steamer Merlin, with Bermuda dates of the 26th ult. and St. Thomas of the 23d, has arrived. Business at St. Thomas was dull, and the market well supplied with American produce. Freights were scarce. The sloop-of-war Albany, Com. Platt, arrived on the 8th ult. from Havana, and sailed on the 22d for Crab Island, whence she will return home via Havana.

GEORGETOWN, July 8-12 m. We saw yesterday in the possession of an old eitizen of our town, Mr. George Mahorney, a piece of the fine mutton which was presented to Mr. Clay by a friend, (whose name and place of residence we have lost sight of,) about the year 1837 or '38. Instead of using it himself, Mr. Clay had it slaughtered, and distributed among his friends in Washington, where he was then sojourning, and, Mr. Mahorney being among his particular friends and admirers, a piece was sent to him. He cured it in a particular way, and with such great care that it remains in a perfect state of preservation. The old gentleman prizes it very highly, and takes great pleasure in exhibiting it to his friends as a memento of the

lamented Clay. The following little incident, which goes to show the nobleness of soul and great benevolence of the old hero of Lundy's Lane, was told us by good, honest Democrat who was under General Scott during his campaign in Mexico, and fought gallantly from the siege of Vera Cruz to the battle of Melino del Rey. There he was so badly wounded that he was discharged and sent home. On the morning on which he left the camp, he went to the General's tent to bid him farewell. The old man treated him with all the kindness of a father, and, when he was about to leave, asked the wounded soldier how he was off for money. Upon being told that he was nearly destitute, he put his hand into his pocket, and, taking out ten dollars, gave it to him, with the remark that it would make a jingle in his pocket! The individual referred to is well known in this place,

where he once resided. The supply of beef cattle, &c., at Dover's Rest this week has been good, and prices have ranged from \$3.371@\$4.25 per 100 pounds gross for

We cannot see any necessity for any man's resigning one office because of his being a candidate for another. At least, he alone should be deemed competent to decide the point.
